

Lego Review Game

This game can be used to review a wide variety of information from math facts to spelling words to other memory work.

Objective:

Build the tallest tower by the end of the game.

Supplies:

Legos

Game pieces (Lego minifigs, pieces from other games, Post-It note, etc.)

Die

Gameboard

To play:

- 1) Choose a Lego person or other small game piece for each player.
- 2) Ask one person a memory work question. If they answer correctly, they will roll a die and move forward that many spaces.
- 3) Complete the action on the space to build a tower.
- 4) The person with the tallest tower at the end of the game wins.
